Summary

Strategic Procurement Advisor and Supply Chain Professional with 7+ years of experience leading procurement strategy, competitive sourcing, supplier negotiations, contract development, and procurement governance across manufacturing, renewable energy, and industrial sectors. Proven expertise managing medium and high value sourcing initiatives from procurement strategy through contract award, developing Supply Chain Strategies, Contracting Plans, RFx documentation, supplier evaluations, and commercial negotiations. Skilled at partnering with engineering, operations, finance, and project teams to deliver cost optimization, mitigate commercial risk, strengthen supplier relationships, and drive continuous process improvement using SAP, Power BI, SQL, and advanced Excel.

Skills

Strategic Procurement: Procurement Strategy, Supply Chain Strategy, Contracting Plans, Strategic Sourcing, Procurement Models
Competitive Procurement: RFI, RFP, RFQ, RFT, RFSQ, RFEI
Contract Management: Contract Negotiation, Commercial Terms, Contract Award, Risk Allocation, Contract Administration
Supplier Management: Supplier Evaluation, Supplier Relationship, Vendor Development, Performance Management, Supplier Risk
Procurement Operations: Purchase Orders, Category Management, Spend Analysis, Lead Time, Inventory Planning
Stakeholder Management: Cross-functional Teams, Procurement Advisory, Executive Reporting, Project Coordination, Vendor Negotiation
Analytics: Power BI, SQL, Excel, Tableau, KPI Dashboards
ERP Systems: SAP, Dynamics 365, Business Central, ERP Reporting, Data Analysis
Process Improvement: Procurement Governance, Continuous Improvement, Policy Compliance, Workflow Optimization, Standardization
Infrastructure Procurement: Capital Projects, Electrical Systems, Industrial Equipment, Technical Specifications, Supply Chain

Work Experience

Procurement Buyer
Decibel Cannabis Company

Dec 2025 - Present

- Led end-to-end sourcing activities for medium and high-value service contracts, developing procurement strategies, preparing RFx documentation, coordinating evaluation teams, and supporting successful contract awards.
- Identified inefficiencies in procurement cycles by analyzing vendor performance data, leading to a 20% reduction in lead times through targeted supplier optimization strategies
- Advised cross-functional project teams on procurement models, sourcing approaches, contract risks, and supplier selection strategies throughout the procurement lifecycle.
- Developed Supply Chain Strategies and Contracting Plans by evaluating project requirements, market conditions, supplier capabilities, commercial risks, and procurement policies to ensure compliant sourcing decisions.
- Facilitated supplier evaluations and commercial negotiations that improved pricing, delivery commitments, contractual terms, and overall supplier performance while maintaining procurement governance standards.
- Managed multiple sourcing initiatives simultaneously by coordinating procurement schedules, evaluation activities, stakeholder communications, and contract documentation for high-value procurement projects.
- Identified procurement process improvement opportunities that standardized sourcing documentation, reduced procurement cycle times, and enhanced compliance with internal procurement policies.

Purchaser in Global Procurement
Vestas Wind Systems

Nov 2021 - Aug 2023

- Developed procurement strategies and contracting approaches for complex electrical equipment supporting renewable energy infrastructure projects.
- Led supplier evaluation workshops, commercial bid analysis, and recommendation reports supporting contract award decisions.
- Balanced commercial risk, technical requirements, and supplier capabilities when developing sourcing recommendations for project stakeholders.
- Supported the preparation and evaluation of RFI, RFQ, RFP and contract documentation for capital procurement initiatives.
- Reduced procurement costs by 15% by implementing data-driven supplier evaluation models, conducting cost analysis, and negotiating strategic vendor agreements across global supply chains.
- Designed supplier scorecards and procurement KPI dashboards using Power BI and Excel, enabling leadership to evaluate supplier reliability, pricing competitiveness, quality, and service levels.
- Mitigated supply chain risks by developing alternate sourcing strategies, evaluating supplier capabilities, and proactively addressing lead-time constraints, shortages, and supplier performance issues impacting production timelines.
- Negotiated supplier contracts and commercial agreements that delivered measurable cost savings while maintaining compliance with procurement and operational standards.
- Managed sourcing activities for electrical controls, converters, cables, and industrial equipment, overseeing purchase orders, supplier coordination, and logistics execution across projects.
- Leveraged market intelligence, pricing analysis, and category planning strategies to identify sourcing opportunities and achieve 12% procurement cost savings.
- Negotiated supplier agreements and optimized commercial terms with primary and secondary vendors, strengthening supply continuity and improving procurement scalability across global sourcing operations.
- Procured industrial electrical and mechanical components while collaborating with engineering teams to interpret technical specifications, validate supplier capabilities, and support operational requirements.

Consultant ECM Purchaser in Global Procurement,Vestas
ManpowerGroup Services

Jan 2021 - Nov 2021

- Managed structured competitive procurement activities from RFx issuance through supplier evaluation, commercial negotiations, contract award, and supplier onboarding.
- Collaborated with engineering, project management, and legal stakeholders to develop procurement documentation and evaluate supplier proposals for technical compliance.
- Coordinated supplier logistics, shipment tracking, and transportation issue resolution while proactively addressing delayed, lost, and damaged shipments to maintain operational continuity.
- Reduced procurement costs by 10% through process optimization initiatives focused on purchasing workflows, supplier management, and sourcing efficiency.
- Partnered with project managers to support budgeting, bid evaluations, and supplier selection processes, ensuring cost-effective procurement aligned with operational goals.
- Led RFx and competitive sourcing initiatives with global suppliers, achieving an 8% reduction in procurement costs through strategic negotiations and supplier benchmarking.
- Managed global sourcing activities with cost-effective suppliers, maintaining 97% on-time delivery performance and adherence to quality standards.
- Collaborated with vendors, engineering teams, and project stakeholders to align procurement activities with technical specifications and project timelines.
- Standardized procurement templates, governance processes, and operational tools, improving compliance and accelerating cross-functional execution by 20%.

Procurement Engineer(Intern) - Global Sourcing
Valeo India

Jan 2019 - Jan 2021

- Managed end-to-end RFx processes and strategic sourcing initiatives, achieving 10–15% procurement cost reductions through competitive vendor negotiations and supplier benchmarking.
- Expanded and diversified the supplier base through vendor onboarding, localization initiatives, and dual-sourcing strategies, improving supply continuity and reducing sourcing risks by 20%.
- Performed zero-based costing and detailed pricing analysis using advanced Excel tools, enabling data-driven negotiations that achieved 15% procurement savings.
- Conducted multiple supplier auction events that achieved average savings of 15% while strengthening supplier competitiveness and commercial transparency.
- Developed procurement KPI dashboards and supplier performance reports that reduced reporting turnaround time by 40% and improved operational visibility.
- Conducted market benchmarking and pricing analysis for procurement categories, identifying pricing outliers and supporting standardized sourcing strategies.
- Performed supplier risk assessments, pricing evaluations, and commercial benchmarking to support sourcing decisions, strengthen supplier reliability, and improve procurement risk management.
- Developed sourcing strategies that balanced commercial, operational, and supply risks while improving supplier competitiveness across multiple commodity categories.
- Led cross-functional supplier evaluation teams and prepared commercial recommendation reports supporting procurement governance and contract award decisions.

Projects

Strategic Procurement & Contracting Framework
Formulated data-driven sourcing strategies for electrical and control equipment, achieving 10–15% cost savings through supplier consolidation and benchmarking. Developed comprehensive supply chain strategies and contracting plans aligned with high-value infrastructure requirements.
(Electrical Procurement, Global Sourcing, Cost Benchmarking, Supplier Strategy)

Competitive Procurement Process Improvement
Automated supplier bid comparison and evaluation for electrical systems, reducing quotation analysis time by 40%. Managed the preparation and evaluation of complex contracting documents (RFT, RFP, RFQ) to ensure accurate selection and risk mitigation.
(Python, RFx, Electrical Procurement, Automation)

Procurement Strategy & Commercial Negotiation
Analyzed supplier costs and payment terms to identify 3M EUR in savings through standardized procurement strategies. Led contract negotiations and developed sourcing methods to optimize risk allocation and supplier performance for large-scale projects.
(Python, Procurement, Cost Optimization, Supply Chain)

Supplier Relationship Management (SRM) Framework
Developed a Power BI and SharePoint-based system to track subcontractor performance metrics, safety compliance, and capacity utilization. Managed supplier relationship management (SRM) workflows to ensure high-quality delivery on nationwide infrastructure projects.
(Power BI, Supplier Management, SharePoint, Subcontractor Evaluation)

Education

Post Grad Diploma in Data Analytics for Business
St. Clair College, Canada

GPA: 4.0 / 4.0
Sep 2023 - Apr 2025

Bachelor of Mechanical Engineering
St. Joseph's Institute of Technology, India

GPA: 3.7 / 4.0
Jun 2014 - Jun 2018
